

Coronavirus (COVID-19): Risk Assessment Action Plan for potential opening from 1st September 2020

The Ridge Primary School

Generic Risk Assessment conducted by: **Dudley MBC**

Amended for The Ridge by: Mrs. D. Hudson	Job title: Head Teacher	Covered by this assessment: Pupils, Staff, Parents, Visitors
Date of assessment: 28/08/2020	Approved by Governors: 01/09/2020	Date of next review: 11/09/2020

The sole purpose of this risk assessment is to support schools in preparing for all pupils, in all year groups, to return to school full-time from the beginning of the autumn term **while reducing the risk of coronavirus transmission**. The risk assessment has been written in collaboration with a number of local authorities.

- For the purpose of this risk assessment, the term ‘coronavirus’ to refer to coronavirus disease 2019 (COVID-19). Schools must ensure that this risk assessment reflects the local setting and context of the school. Staff must be consulted with regard to this risk assessment (this must take into consideration all types of workers including agency workers, casual staff and contractors and any other adult on site as well as your permanent staff).
- This risk assessment is not exhaustive and is issued to schools as a template to assist in the production of a comprehensive document that covers the particular circumstance of the setting – **as such, the risks and risk controls should be deleted/amended/added-to to reflect the school.**
- This should be viewed alongside relevant advice and guidance from the Department of Education and reflect any additional subsequent guidance issued to schools.
- For further reference, <https://www.gov.uk/government/latest?departments%5B%5D=department-for-education>, including the documents below, issued on the 11 May 2020:

Key:	
Level of risk prior to control	Identifies the risk before any steps to reduce the risk have been taken
Risk Description:	Outlines the area of concern. This list is not exhaustive, and schools should add/amend/delete where appropriate e.g. risks for pupils with complex needs.
Risk Controls:	The measures that will be taken to minimise the risk. These are generic and should be adapted for the school context. Add <additional information>
Impact:	Could be L/M/H or numeric, depending on what is used in the school setting.
Likelihood:	Could be L/M/H or numeric, depending on what is used in the school setting. NB IF IMPACT AND LIKELIHOOD ARE BOTH HIGH, THEN THE ACTIVITY SHOULD BE STOPPED UNTIL ADDITIONAL CONTROL MEASURES ARE PUT IN PLACE.
Responsible person:	The identified staff member(s) responsible for implementing the risk controls.

Completion Date:	The date by which required plans for controls will be in place. To support planning, identify which controls need to be in place before pupils return to the setting. Individual schools can then personalise to their own setting.
Line Manager Check:	Sign off to ensure that the risk has been minimised as far as possible.
